

Tailor-made and unique

KÜCHENMEISTER

MKN-KÜCHENMEISTER

the centrepiece of every kitchen!

The exclusiveness of an individual item together with elegant aesthetics; an MKN KÜCHENMEISTER means tailor-made, first class cooking technology for passionate professional cooks who want to treat their guests and themselves to something special!

All of the unique KÜCHENMEISTER kitchens combine innovative MKN cooking technology with functionality and the highest possible hygiene standards, as if cast from the same mould. Individually designed and manufactured according to the customer's requirements, refined through high quality materials and elaborate attention to detail. Perfectly adapted to fit and meet the practical needs of every kitchen – KÜCHENMEISTER becomes the centrepiece of all high-class kitchens.

An exceptional object of prestige in the professional kitchen of which one can be proud of for a long time: the MKN KÜCHENMEISTER.

Brilliantly combined

KÜCHENMEISTER

The entire pallet of MKN professional cooking technology, including MKN energy systems, can be combined in the MKN KÜCHENMEISTER freely. Whether electric or gas models or with future-oriented MKN induction: With KÜCHENMEISTER, first class professional cooking technology merges under a three millimetre seamless, hygienic surface top plate to an individually planned unit.

Every MKN KÜCHENMEISTER convinces as an intelligent compact solution due to the perfect interplay of all functional units in every detail as well as through its special hygienic standards. For cooking success at the highest level!
